Conference 2020 brings Master Joiners content to inform, inspire and support your professional performance, offering additional benefits for your managers, and administration staff.

Mike King - Keynote Speaker

Mike works with all levels within an organisation to help with mental health and safety in the workplace. His message tells of how he overcame drug and alcohol addiction, and his continued battle against depression. It is accessible and pertinent to all staff and often helps companies identify anyone who may be struggling and in need of further assistance.

Mike takes a completely unorthodox approach and is getting out into schools to talk with the youth and talk with the communities, engaging them so that the conversation will continue and not be swept under the carpet any longer

Rob Waddell - MC

Rob Waddell is one of New Zealand’s all time best athletes. At the 2000 Sydney Olympics Rob took home gold in the single sculls. He was part of the Emirates Team New Zealand team which challenged for the Americas Cup in 2003, 2007 and 2013.

Rob is an excellent role model who has clearly demonstrated the benefits of applying his management and planning skills, and what can be achieved through preparation, training and determination. In a less public arena, Rob also completed a Bachelor of Management Studies with Honours during this time. He speaks Japanese and has a black belt in Judo.

Jim Hainey - Keynote Speaker

Australian born Jim Hainey is the former CEO of Drake Personnel Australasia and North America.

He took Drake from a start-up operation in 1975 to be the largest recruitment company in New Zealand. This led to his role as VP North America and Australasia. During his time at Drake, he developed new service initiatives which were ahead of their time and cultural team building initiatives that made Drake the global leader in staff and team development. Drake staff were much sought after within the industry.

Trevor Slater - Keynote Speaker

Trevor Slater is the New Zealand General Manager (and a Fellow) of the Resolution Institute. He is a highly qualified and experienced commercial mediator, negotiator and experienced trainer and holds a Masters Degree in Conflict Resolution.
